

SIT TEAM 8/31/15

Good Things

Friday's Pep Rally was a huge success
A great 1st week of school
Football win against North

Cougar Cards

Reminder that there will be cards placed in the mail room to write other teachers encouraging notes through out the year.

Common Tutoring Days

Common Tutoring Days will start next week. Each core subject has been assigned a day to prevent overlapping with another subject. Students may make arrangements with you on an unassigned day as long as they are not needed in another subject.

- Monday - Social Studies
- Tuesday - Science
- Wednesday - Math
- Thursday - English

JCHS Walkthrough Instrument

The Walkthrough Google Doc that will be used this year is attached for you to review. There were some changes from last year. For example the checklist of observed activities is now a short answer box in order to be more accurate with what is happening in the classroom. Also, students should be able to respond to administration when asked what they are doing and why.

Yearbook Payments

Kristen Barrett asked "Is CATS the place for collecting money and forms for photos and yearbook?" Mrs. Barrett has planning 4th block so students will have a harder time paying during lunch.

- The consensus is that CATS is still the best place to collect payments
- Payments will be collected on Mondays after WCAT and on Fridays.
- You may send a student or bring the payments yourself.
- If you send one student with all the money and they steal it, you are responsible.
- Payments can be left in the front office as long as they are in an envelope
- Payments can also be made before and after school

Printing in the Library

There will now be a student charge of .10 for black/white copies and .25 for color copies. This is to help pay for ink because of budget cuts.

Student Announcement

There will be a JCHS announcement page on Schoology. Teachers and students will all be required to join and teachers will post their own announcements on the page.
