

## **SIT Minutes 10-4-16**

The School Improvement Team met and continued work on the SIT plan. The plan was reviewed and minor changes were made before it was finalized.

Each goal was reviewed and examined using the SMART goal plan in an effort to be sure goals are measurable and specific. The group will continue efforts during the 2016-2017 and 2017-2018 school years to evaluate the plan for growth and areas of change.

There is a survey that will need to be completed as part of the SIT plan. Administration decided they would be responsible for administering this survey at a later date.

Some other programs to note in the SIP:

Schoology Night for Parents - McNeill

Engaging Student Work page - McNeill

Wish List for teachers on website - McNeill

Method Test Prep

Achieve 3000
